Inside

No More
Messy Packets
Eliminates Pilferage

FOR A CLEAN PROFESSIONAL COFFEE AREA

Perfect Servings® began out of demand in the convenience store market where pilferage, mess and a lack of convenience were common occurrences when serving coffee condiments.

It is the answer to the same demand in today's office and foodservice environment.

Your company will enjoy substantial savings, while eliminating messy counters, controlling pilferage, and presenting a professional coffee break and foodservice area.

Perfect Servings® is a proven concept that will help you provide coffee condiments and other food items economically and conveniently.

BENEFITS:

- Attractive, compliments coffee and food bar.
- Easy to use, keeps coffee and food area clean and organized.
- Prevents overuse and waste of coffee condiments.
- Environmentally Friendly - Saved over 2 billion packets from a landfill last year.

FEATURES:

- Five (5) Selections Independently Programmed.
- Simple One-Button Operation.
- Manual Press & Hold or Portion Control Features.
- Only 12½" Wide.
- Can be refilled in minutes by any employee.

Coffee Equipment

BUNN BrewWISE SINGLE BREWER WITH PORTABLE SERVERS

- Produce fresh cold brew in minutes with the new Cold Brew mode, enabling operators to brew an on-demand batch of concentrate or ready-to-drink cold brew quickly and consistently with operational ease
- Add Bubble Tea to the menu with the new Bubble Tea Kit (54165.1018)
- 4.3" Color Touchscreen aides in customizing recipes, brewing options and control
- The Infusion Series® Platinum Edition relies on the powerful duo of the Peak Extraction Sprayhead and SmartWAVE® technology to further enhance the uniformity of extraction and resistance to limescale buildup.
- Brews into 2.5 to 3.8L (84 to 128 oz) airpots and 3.8 to 5.7L (1 to 1.5 gallon) Thermofresh servers
- BUNN Infusion Series technology allows for multiple recipes from one footprint
- Energy-saver mode reduces tank temperature during idle periods
- Electronic funnel lock prevents removal of the brew funnel until drip- through is complete
- Brew counter keeps track of how many batches are brewed
- Pre-infusion and pulse brew for maximum flavor extraction. Cold brew lockout & digital temperature control further ensure top-notch brewing
- Dual voltage adaptable (Can operate at 120V/15 amp or 120/208-240V/20 amp)
- Optional BUNNlink® remote monitoring support (kit required)

BUNN BrewWISE DUAL BREWER WITH PORTABLE SERVERS

- Produce fresh cold brew in minutes with the new Cold Brew mode, enabling operators to brew an on-demand batch of concentrate or ready-to-drink cold brew quickly and consistently with operational ease
- Add Bubble Tea to the menu with the new Bubble Tea Kit (54165.1018)
- 4.3" Color Touchscreen aides in customizing recipes, brewing options and control
- SmartWAVE sprayhead technology provides enhanced uniformity of extraction and lime scale reduction
- Brews into 2.5 to 3.8L (84 to 128 oz) airpots and 3.8 to 5.7L (1 to 1.5 gallon) Thermofresh servers
- Large 5.6 gallon (21.2L) tank provides back-to-back brewing capacity
- BUNN Infusion Series technology allows for multiple recipes from one footprint
- Energy-saver mode reduces tank temperature during idle periods
- Exclusive Peak Extraction™ Sprayhead is multi-directional with a 17-hole design to ensure ultimate uniformity of extraction
- Electronic funnel lock prevents removal of the brew funnel until drip- through is complete
- Brew counter keeps track of how many batches are brewed
- Pre-infusion and pulse brew for maximum flavor extraction. Cold brew lockout & digital temperature control further ensure top-notch brewing
- Optional BUNNlink® remote monitoring support (kit required)

BUNN BrewWISE GRINDER

- BUNN BrewWISE wireless functionality assures error free operation by communicating the type of coffee being used to the grinder
- The G9-2T DBC references the specific grind time for the coffee batch to be brewed, and communicates the coffee name and selected batch size to the Smart Funnel during the grinding process
- The BUNN BrewWISE brewer reads the information in the Smart Funnel, adjusts the recipe, and brews a perfect batch of coffee
- LCD alphanumeric display shows coffee names, programming parameters and diagnostics
- Compatible with both BUNN BrewWISE and non-BrewWISE brewers, as well as other makes of batch brewers of up to 1.5 gallons capacity
- Stores individual coffee grind profiles
- Four year warranty on grinding burrs
- Portion controlled for the right amount of coffee every time with 3 batch sizes per hopper
- Two hoppers each hold 6lb (2.72kg) of regular, decaf or specialty coffee beans
- PROP 65 Warning Decal included in packaging with equipment

LPG LOW PROFILE PORTION CONTROLLED GRINDER

- LPG - 1 HOPPER
- Large, clear bean hopper merchandises 6 lbs. (2.72 kg) of fresh coffee beans.
- Low profile height and narrow footprint conserves counter-top real estate.
- Professional grind provided by large 3.19" (8.1 cm) diameter burrs powered by quiet, high torque motor.
- Easy access on back for grind weight adjustment.

Coffee Equipment
